# "We rise by lifting others"

It's hard to believe that the year 2021 has come and is almost gone! It seems like yesterday that we were planning ahead on how to survive the 2<sup>nd</sup> year into the COVID-19 pandemic. We've passed through, with the support and commitment of parents who believe in the positive contribution RSD Rugby is making in the growth and development of their children, and for that we are grateful!

Finally we are able to start hosting rugby days again! We realize to get the country back to where we were, we need to get hearts and minds in the right spot, and that spot is without a doubt next to the rugby field!

#### **SPORT = MENTAL HEALTH**

L'AVENIR

Making a decision of whether your child should play sports during the pandemic or not can be difficult. You may just see a child jumping hurdles or kicking a ball, but children who participate in sport are doing more than meets the eye. They are protecting their mental health, by naturally stimulating chemicals in their bodies. Sports can also be a positive outlet for kids struggling with anxiety, depression and other behavioral problems.

Sport requires face-to-face interactions, it helps fostering relationships as well as positive social experiences that happen between teammates on and off the field, can relieve social anxiety. Children bond with friends who share the same passion and interest.

Yes, everything possible should be done to mitigate the risk of spread, but children tend to do really well when they have structure, and part of that structure is having fun doing sport – RSD Rugby Skills Development!

## 2021 RUGBY JERSEY AT THE HEART OF RSD SPONSORS

Rugby jerseys are at the heart of the sports and rugby culture. For over two centuries, the rugby jersey has been the ultimate sportsman statement. RSD understand the significance of the rugby jersey, ensuring that the 2021 RSD rugby jersey made a statement, being at the heart of RSD Rugby!
